

Learning Through Play

A RESOURCE GUIDE TO SUPPORT LEARNING AT HOME

MUSIC AND MOVEMENT

Children need to get moving!! What better way to shake and jump the sillies out, than dancing?

Your child (and you) will be challenged to listen to instruction, focus attention, actively participate, problem solve and so much more. All through dance!

Check out these resources for some fun at home!

SKILL PRACTICE

Free access to online games that will keep your child practicing the skills learned in school!

Find activities that encourage problem solving, predicting, comparing and more.

Check out this resource!

SENSORY AND ART

Let's get messy! Art plays a huge role in your child's development. Engage in artistic expression and get the opportunity to brainstorm, plan and produce. Let loose and create!

Check out these resources!

LITERACY

Literacy skills are crucial to children's language development. Let's work those skills with online story times and so much more!

Check out these resources!

DON'T FORGET!

We are all going through moments of adjustment and transitions! So, take a deep breath and play!
