Research Fellowship Application 2020

I. Mission and Purpose

The mission of the Lung Cancer Initiative of North Carolina (LCI) is to save lives and provide support to those affected by lung cancer through research, awareness, education and access programs across North Carolina.

Research Program Purpose: To further the development of local lung cancer care and research programs across the state of N.C. Also, by funding research activities of fellows and young investigators we will help to jump start their careers and encourage their continuing involvement in the field of lung cancer.

II. General Information

The Lung Cancer Initiative fellowship is provided for students who wish to pursue a career in lung cancer research, diagnosis, treatment and/or care.

LCI fellowships are granted for one year. The stipend is $25,000 per year. Any questions regarding the submission process should be emailed to Jenni Danai at JDanai@LungCancerInitiativeNC.org.

Please include a current CV along with a brief memo of support from your project mentor with your application. Fellows may submit an application with another fellow at the same institution. They will each need to submit their CVs.

III. Eligibility Criteria

The applicant must be:

1. A researcher affiliated with one of these five medical institutions: Duke University, University of North Carolina at Chapel Hill, Wake Forest University, East Carolina University or Levine Cancer Institute.
2. Conducting graduate level research or have completed their fellowship no more than three years ago.
3. Committed to pursuing a career in lung cancer.
