Comcast/Comcast  
Spotlight works with  
non-profits to build and  
strengthen relationships  
that enhance the quality  
of life by providing

access to innovative technology, volunteering time and giving financial support to their community partners. Comcast promotes community service. Their employees volunteer side-by-side with community partner organizations including HYPERLINK "<http://www.comcast.com/Corporate/About/InTheCommunity/Volunteer/BBBS.html>" Big Brothers Big Sisters, Boys & Girls Club, Council on Aging, St. Lucie County Police Athletic League, Ft. Pierce Magnet School of the Arts and the St. Lucie Education Foundation. At Big Brothers Big Sisters, Comcast has provided a significant grant for the past three years in support of our high school volunteers who serve as mentors and role models to elementary school students.

Their signature celebration of community service, Comcast Cares Day, has revitalized neglected neighborhood parks, beautified schools to improve the learning environment, freshened non-profit organizations and stocked community food banks. While Comcast Care Days are typically one day events, the company also encourages employees to invest their time and talent on an on-going basis as well. Big Brothers Big Sisters of St. Lucie, Indian River & Okeechobee Counties, Inc. has benefitted as Comcast employees have signed up to become volunteers in our reading mentor program.

Also noteworthy is the Board leadership Comcast employees have provided to more than a dozen organizations and local non-profits throughout the Treasure Coast. New this year is Steve Dvoskin's Board leadership as an officer of Big Brothers Big Sisters Association of Florida. Steve is the Regional Vice-President of Operations at Comcast. He has brought a depth of business acumen to our State Association that has benefitted all 13 Big Brothers Big Sisters agencies in Florida.
