

OUTSTANDING  
**Group Supporting Philanthropy**

Sponsored in-Kind by McNicholas & Associates

*Martin Memorial Health Systems'*  
*Chrysanthemum Ball Committee*  
Nominated by Martin Memorial Foundation

The Martin Memorial Health Systems' Chrysanthemum Ball Committee comprises approximately 30 of the community's top philanthropic leaders. They selflessly offer their time, expertise, and outstanding commitment to our mission to provide exceptional healthcare, hope and compassion to every patient, every time. Their impact has contributed to Martin Memorial Health Systems becoming recognized nationally, by Thomson-Reuters and ranked as one of the Top 100 hospitals for the sixth time and one of the Top 50 Cardiac Hospitals.

Since its inception, the Chrysanthemum Ball has raised nearly \$9.5 million! In that time the event has earned a reputation for providing high-quality entertainment, fine cuisine and an energetic atmosphere. Many sophisticated, state-of-the-art technologies have been made possible as a result of funds raised, including: a new digital interventional suite, a PET/CT scanner, two cardiac catheterization labs, a 64-slice CT scanner, a digital mammography unit, equipment enhancements for nurses at the bedside, and an endowment of \$500,000 was created to fund patient care projects in the future.

The Chrysanthemum Ball Committee is so highly valued and respected because of the influence of the committee as a whole, as well as in the individual contributions of its members. Committee members are involved, powerful community leaders, who give of themselves to benefit many charitable organizations throughout Martin County. It is this selfless spirit and infectious motivation to improve the quality of life for all residents, which makes the Chrysanthemum Ball Committee worthy of the designation Group Supporting Philanthropy.
