

Outstanding Volunteer Fundraiser

Chuck White
Nominated by
ARC of Martin County

In one year, Chuck White was credited with raising \$302,556 for the ARC of Martin County. While that figure is outstanding it is not out of the ordinary. Much of this was done through Chuck's countless hours of meeting with prospective donors/sponsors, raising cash contributions, acquiring significant auction items, selling various marketing ads and forming groups of support that in turn would attract and acquire other groups to support our cause.

Chuck has steadily increased the contributions to the ARC of Martin County and the families we assist for 13 years and he has big plans for the future. He has already set his sights on assisting the ARC in developing a critical Shelter for special needs populations throughout the Treasure Coast that will offer protection in the event of a natural disaster. Chuck has targeted large corporations who may be able help the ARC in meeting our Capital Campaign goal estimated at \$5,000,000. He has committed to participate on the Capital Project Committee that will oversee the project.
