

Corporate Giving Funds

Corporate Giving Funds provide an alternative to managing your company's charitable giving. A Corporate Giving Fund provides your company the opportunity to support charities of choice on a timeframe that makes sense for you.

Investing in the community is good business. Let the Community Foundation for Palm Beach and Martin Counties assist you in achieving your company's charitable goals and maximizing community impact.

Corporate Giving Funds offer solutions to manage charitable giving, engage employees in the process and maintain focus on your business goals – rather than opening a separate 501(c)(3).

Establishing a Corporate Giving Fund Is:

- **CONVENIENT:** Your company can grant to any charitable organization, at any time.
- **COST-EFFECTIVE:** Administrative fees are minimal with no start-up cost, ongoing reporting or distribution requirements.
- **DISTINCT:** Your Corporate Giving Fund can remain anonymous or include the name of your company.
- **EFFICIENT:** The Community Foundation handles all administrative details while your company enjoys an immediate tax benefit.
- **ENDURING:** Grants from your fund can be made now and into the future to continue your company's spirit of giving.
- **FLEXIBLE:** Your company can contribute to the fund at any time with gifts of almost any asset type including cash, stock and shares of privately held business interest.
