Introduction to the Basics

THE SEEK SCHOLARSHIP

Seeking Excellence and Education through Knowledge, commonly referred to as SEEK, is a scholarship program dedicated to improving the quality of Palm Beach County early childhood education environments through staff development. SEEK Scholarship is funded by the Children's Services Council and administered by Palm Beach State College (PBSC) through the Institute of Excellence in Early Care and Education (IEECE).

There are a variety of SEEK scholarships available for professional development activities. Eligibility for each type of scholarship is dependent on the type of site a practitioner is employed at, all of which is outlined in this handbook.

Information regarding SEEK Scholarship recipients is maintained in the secure Palm Beach County Early Childhood Registry (Registry) system and may be shared with professional development system partners. This information is accessed to determine funding needs and track professional development. If practitioner information is submitted to the IEECE outside of the Registry system, that information is also maintained in secure files.

Additional information regarding the SEEK Scholarship program can be found on the IEECE website at www.palmbeachstate.edu/IEECE (“Financial Support”).

THE STRONG MINDS NETWORK

The Strong Minds Network is a voluntary system that emphasizes achievement of child outcomes through more effective teacher-child interactions. The system provides resources that support child care providers, practitioners and families to ensure children receive high-quality care and effective teaching, and ultimately, be ready for kindergarten. The vision is that children will have quality early educational experiences that will increase their chances of achieving school success and becoming productive members of society.

Additional information regarding the Strong Minds Network can be found at www.cscpbc.org
Introduction to the Basics

THE TEACH SCHOLARSHIP

Teacher Education and Compensation Helps, commonly referred to as TEACH, is a scholarship program for practitioners who are working towards earning an Associate and/or Bachelor degree or credentials in early childhood education.

TEACH is funded by the Florida Office of Early Learning and managed by the Florida Children’s Forum. The program involves a three-way partnership between TEACH, the practitioner, and the sponsoring childcare program, with the majority of tuition and books costs paid for by TEACH. To receive TEACH, the practitioner, child care center and the Children’s Forum enter into a financial contract. An eligible practitioner may also receive a per-semester stipend for travel and internet access, and/or a bonus for completing the scholarship contract. In addition, the early childhood program may be reimbursed for release time given to the participating practitioner.

The T.E.A.C.H. program works with 48 colleges, universities and vocational technical schools throughout the state as well as 14 community-based training institutions. Additional information regarding the TEACH Scholarship can be found at www.teach-fl.com or by calling 877-FL-TEACH.

THE PALM BEACH COUNTY EARLY CHILDHOOD REGISTRY

The Palm Beach County Early Childhood Registry (The Registry) is a data system that maintains information on its members documenting their professional development in the field of early childhood education, including credentials, college coursework, in-service/career pathway training, education and employment information. The Registry is also the platform used to apply for and monitor SEEK Scholarships. The SEEK Scholarship program relies on information contained in an individual’s Registry record when determining eligibility. Active Registry membership is a requirement for access to the SEEK scholarship program.

Once a practitioner becomes a Registry member, they are required to update their record with all changes to their name, address, phone number, email address, employment information, and professional development activities. It is the practitioner’s responsibility to submit all professional development documentation to the Registry.

To become a member of the Registry, learn how to update your personal and professional development information, apply for SEEK Scholarships and search the training calendar for current approved professional development events, visit the Registry website at www.pbcregistry.org. If you have additional questions about information contained in your Registry Record, contact the Children’s Forum at 561-740-7000 x4452 or pbregistry@thechildrensforum.com. If you have questions about your SEEK Scholarship Application, contact Palm Beach State College’s Institute of Excellence in Early Care and Education (IEECE) at 561-868-3695 or IEECE@palmbeachstate.edu.

STRONG MINDS NETWORK VS. NON-NETWORK

SEEK Scholarship awards vary depending on the practitioner’s place of employment.

A practitioner employed in a Strong Minds Network program will have first priority for SEEK Scholarship funding. Also, the practitioner may be eligible for additional services and/or supplement awards.

Please refer to Chapter 3 - SEEK Scholarship Awards and Processes for Strong Minds Network Practitioners for information on specific scholarship awards that may be available.
Chapter One  
Eligibility, General Rules and Exclusions

A practitioner employed in an early childhood program that does not participate in *Strong Minds Network* (to be referred as **Non-Network**) but receives some form of public funding may be eligible for limited scholarship awards.

Please refer to *Chapter 4 - SEEK Scholarship Awards and Processes for Non-Network Practitioners* for information on specific scholarship awards that may be available.

**NOTE:** Early childhood classrooms within the School District are classified as Strong Minds or Non-Network and eligibility is dependent on the type of classroom the practitioner works in.

**IMPORTANT SEEK SCHOLARSHIP POLICIES**

- SEEK Scholarship applications and necessary supporting documentation must be submitted **online** via the SEEK tab of the Palm Beach County Early Childhood Registry (the Registry) at [www.pbcregistry.org](http://www.pbcregistry.org) (The SEEK tab appears once you have logged into your Registry account). **Hard copies of SEEK applications will NOT be accepted via fax or email.** If practitioners are unable to upload supporting documentation to the SEEK module of the Registry, supporting documentation may be submitted via fax (561-868-7042) or email (IEECE@palmbeachstate.edu).

- Practitioners can check the status of their SEEK applications on an ongoing basis through the SEEK Scholarship module of the Registry data system.

- SEEK Scholarship awards are based on availability of funding.

- Attendance and successful completion (a grade of A, B, C, P or S) of all professional development events and courses for which a SEEK scholarship is awarded is required to maintain eligibility for future awards. Any circumstance that results in the student’s inability to attend any course/training session must be discussed with the instructor/trainer. The impact of such absence on a student’s grade is at the discretion of the instructor/trainer.

- Practitioners are responsible for submitting professional development documentation (transcripts and training certificates) to the Registry following completion of courses/training.

**NOTE:** All SEEK policies and procedures are subject to change.

For this reason, it is important that you ensure the email address listed in your Registry account is accurate.

- Many SEEK Scholarships have specific application deadline dates. Applications submitted after the posted deadline date may not be processed, resulting in denial of scholarship. All relevant deadlines are noted in this handbook and specific dates are posted on the IEECE website: www.palmbeachstate.edu/IEECE/ (“Financial Support”).

- Reimbursement for college courses taken at a college or university other than PBSC, Florida Atlantic University (FAU) or Florida International University (FIU) must be pre-approved 14 days prior to the start of the event and be taken at a regionally accredited institution of higher learning.

SEEK Suspension/Termination/Reinstatement

SUSPENSION/TERMINATION POLICY

If a SEEK Scholarship award was provided to cover costs associated with any type of college credit or non-credit college coursework (including community based training), the practitioner must attend and successfully complete that coursework/training in order to maintain eligibility for additional SEEK Scholarships. Successful completion is determined by the course instructor and is confirmed by IEECE staff upon course/training completion.

Any practitioner (Strong Minds Network or Non-Network) that does not successfully complete a course/event that was funded by SEEK Scholarship will be suspended from SEEK and must follow the policy below for reinstatement. Practitioners will have two opportunities to become reinstated. If the practitioner is unsuccessful in a SEEK funded event a third time, their SEEK benefits will be terminated for a period of one year from the termination date. Suspension and termination effective dates will be included in the notice of suspension/termination. When terminated, a practitioner can apply for reinstatement at any time during their termination year but they will not be reinstated nor eligible for SEEK Scholarship until one year from their termination date.

+Successful completion is defined by a grade of A, B, C, P or S. Unsuccessful completion is defined as receiving a grade of D, F, U, or W.

REINSTATEMENT POLICY
(FOR ALL PRACTITIONERS)

Practitioners who are suspended/terminated due to the unsuccessful completion of a SEEK funded course/event may request reinstatement upon achievement of the following since the date of suspension/termination:

- Practitioner must pay for and successfully complete an approved, SEEK eligible event(s) that equals or exceeds the dollar amount of the unsuccessfully completed event(s) related to the suspension. Payments made by other grant/scholarship funding, such as PELL, TEACH or financial aid, will not be considered as payment for reinstatement. Payments made by loans are accepted as a form of personal payment.

OR

- Practitioner must pay for and successfully complete an approved, SEEK eligible course/training equivalent to or in excess of the same number of completion/credit hours of the unsuccessfully completed event(s) related to the suspension. The suspension event(s) and the reinstatement event(s) must be equivalent in nature. For example, to be reinstated following unsuccessful completion of a 3 credit class, the practitioner must take...
Chapter Six
