## WILLOW THEATRE

**Booking Coordinator**      Lisa Smith                      561.347.3902      [LBSmith@myboca.us](mailto:LBSmith@myboca.us)

**Technical Supervisor**      Jason Hester                      561.347.3914      [jhester@myboca.us](mailto:jhester@myboca.us)

### **Facility Information**

Willow Theatre is a 155-seat proscenium theatre located in Sugar Sand Park. Sugar Sand Park is located in the Greater Boca Raton Beach and Park District, between Palmetto Park Road and Camino Real on the east side of Military Trail.

### **Entrances**

Loading bay is located behind the theatre. Each door is 3'2". Both open out to be 6'4" wide and 8' tall. There is enough room for a small to medium size truck outside loading entrance (U-Haul sized). There are also doors of the same dimension upstage center separating the stage from the backstage area. The theatre building has an outside door at the left and right side. There is also one door leading from the backstage area to the wings on stage right and left. The House has two entrances/exits. They are located at House Left and House Right. There is one emergency exit located at stage right of the apron.

### **Backstage**

#### **Dressing rooms**

The Willow Theatre has two dressing rooms that are located on the left and right side backstage. Each dressing room is equipped with counters, mirrors with vanity lights, electrical outlets, one sink, one shower and one freestanding clothing rack on wheels. Each dressing room can comfortably fit 5 adults. There is one bathroom backstage located next to the left dressing room. It has one toilet and one sink (both handicapped accessible). Each dressing room is equipped with an audio monitor and volume control. The Willow Theatre does not have access to a washing machine and/or clothes dryer. Corkboard strips and pushpins are available on walls for hanging signage.

The Backstage area is lit with fluorescent lighting. There is recessed lighting for running lights located in the ceiling, which are dimmable and can be controlled from the backstage. They are used during productions.

## Stage

Stage floor is a suspended black wood floor. No nails, screws, or staples may be put into the floor or on any wall. Set pieces must be capable of standing on their own. There is no painting allowed on the stage floor or backstage area floor.

### Dimensions:

Proscenium height	16' tall
Proscenium width	30' wide
Depth of stage (upstage wall to proscenium)	17'4" deep
Apron (from curtain)	9'3" deep
Apron width	23' wide
