

# An Opportunity to Grow

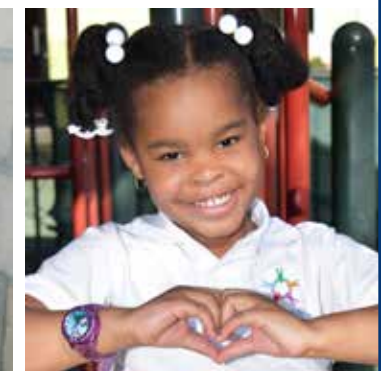

Just like the little ones we serve, Opportunity Early Childhood Education & Family Center is experiencing a major growth spurt. Palm Beach's oldest children's charity is about to triple in size. The soon-to-be-open Erin H. Gilmour Early Learning Center will offer developmental and educational programs to 285 children.

**Opportunity would like to thank the following generous philanthropists, community leaders, and businesses that have stepped forward to help us grow.**
