

PALM HEALTHCARE PAVILION COMES TO LIFE IN 2009

Understanding that current trends in health focus on prevention, personal responsibility and education, the trustees created Palm Healthcare Pavilion to help families take charge of their health. Every part of the Pavilion encourages its visitors to be greater than their challenges.

About Palm Healthcare Foundation, Inc.

Palm Healthcare Foundation, Inc., chartered in 2001, is Palm Beach County's leading public healthcare foundation. Believing that "Together we can do more," the foundation's mission is to inspire and fund solutions to improve health in Palm Beach County. Since 2001, the foundation has distributed nearly \$40 million to over 95 non-profit organizations in Palm Beach County operating over 130 programs.

Health makes everything in life *greater.*

Greater Challenges...Greater Partnerships | Greater Innovation | Greater Opportunity | Greater Hope

2009 Annual Report

Together we can do more.

Dear Community Friends:

The Year 2009 brought challenges like no other year in recent decades. Palm Beach County grappled with the residual effects of a global recession, economic crisis and resultant high unemployment. The economy's collapse translated into a greater need for services and programs for all, especially our most vulnerable residents.

As we begin a new decade, the challenges are immense. Palm Healthcare Foundation will rely on two of its core values to drive its work and help us through these rough spots: COURAGE and INNOVATION. Our dedicated trustees remain steadfast in their resolve to confront our county's challenges with courage and to find effective solutions through innovation.

A hallmark of our work has been our ability to bring people together. Working together, we will help frame the most pressing issues, bring understanding to the problems, and craft innovative solutions that make sense and can be implemented together.

Thanks to all of our courageous partners — trustees, donors, grantees and community leaders — who are committed to working on the issues and searching out creative solutions.

Best to all,

Suzette W. Wexner

President/CEO
