At St. Vincent de Paul Regional Seminary we are proud of our fifty-five year history. Since our founding in 1963, we have formed over 550 priests, many deacons, and countless laypersons for service to the Catholic Church. It is a privilege to be able to offer educational programs and graduate degrees for the Ecclesiastical Province of Miami, as well as many other dioceses around the country. Our degree programs for seminarians include the Master of Arts (Philosophical Studies) and the Master of Divinity. We also offer the Master of Arts (Theological Studies) for permanent deacon candidates and lay students.

Our formation program is deeply rooted in the Program of Priestly Formation (USCCB 2006), Pastores Dabo Vobis (Pope Saint John Paul II 1992), and the new Ratio Fundamentalis (Congregation for Clergy 2016). This program offers seminarians the solid foundation of the human, spiritual, intellectual, and pastoral dimensions of priestly formation. It also provides them the tools that missionary disciples of the twenty-first century will need to bring about the New Evangelization.

Our outstanding faculty not only possess the required ecclesiastical and academic degrees, but also have extensive pastoral experience, which is integrated into every aspect of formation. We seek to form shepherds after the Heart of Christ for service to the People of God. The new Ratio gives us a clearer vision, enabling us to accompany seminarians on their journey of formation through the discipleship, configuration, and vocational synthesis stages. Furthermore, our bilingual formation program is the only one of its kind in the United States, helping our graduates to be truly able to go out to the peripheries.

If you are a Diocesan Bishop, Vocation Director, or Director of Deacon Formation, or if you are an interested lay person, we are excited to present our seminary to you. Please feel free to contact me directly or the academic office if you have any further questions.

Msgr. David L. Toups
Rector/President
St. Vincent de Paul Regional Seminary

St. Vincent de Paul Regional Seminary shares in the mission of Jesus Christ “to bring the good news to the poor” (Luke 4:18) in the training of future leaders.

The seminary's primary mission is to foster the human, spiritual, intellectual, and pastoral formation of candidates for the Roman Catholic priesthood so that as ordained ministers they share the joy of the Gospel with all.

Acknowledging the cultural makeup of Catholics in the United States, the seminary distinguishes itself in offering a comprehensive bilingual formation program, preparing future priests for ministry in both English and Spanish while cultivating a rich and diverse multicultural community.

The secondary mission of St. Vincent de Paul Regional Seminary is to provide graduate theological education for permanent deacon candidates, clergy, religious, and laity as well as to offer ongoing clergy formation programs so that the evangelizing mission of the Church may continue and broaden its reach.
OUR HISTORY

At the invitation of the first Bishop of Miami, Most Rev. Coleman Carroll, the Congregation of the Missions (the Vincentian Fathers) opened St. Vincent de Paul Seminary in 1963. On July 1, 1971, when the Vincentian Fathers were no longer able to support the mission in Boynton Beach, the Archdiocese of Miami took over the operation of the seminary. In September of 1981, the Holy See granted the seminary regional status, with ownership and operation under the auspices of the Archdiocese of Miami and the Dioceses of Pensacola-Tallahassee, St. Augustine, and St. Petersburg. As of this date, the name of the seminary became St. Vincent de Paul Regional Seminary.

In October of 1984, when the Dioceses of Palm Beach and Venice were established, they immediately joined the corporation which owns the seminary. The Diocese of Orlando became a non-owning member of the Seminary Corporation in 1991, and became an owning member in 1998. Since that time, the entire Province of Miami has been united in the formation of its future priests, and with the addition of bishops and priests from the two Georgia dioceses to the Board of Trustees, the seminary is truly a regional institution.

The majority of the seminary’s buildings were completed at the time of the opening in 1963, and St. Vincent’s Chapel was dedicated 1966. The seminary’s library and administration building were completed in 1995. During the seminary’s Golden Jubilee year in 2013, with expanding numbers of vocations and a fifty-year-old infrastructure, the Board of Trustees launched a $25 million capital campaign. The Board dedicated half of the funds to the renovation and expansion of the seminary and the other half to the increase the endowment to ensure future sustainability. Completed in 2015, the new and renovated residence halls (each with a private bathroom) have 110 student rooms, with an additional 38 guest rooms available for the ongoing formation of the clergy, the formation of candidates for the permanent diaconate, and various other workshops and retreats.

St. Vincent de Paul has over 600 priest alumni serving in parishes throughout Florida and Georgia and all over the United States and Caribbean. Since 1972, the professional degree offered to seminarians preparing for the priesthood has been the Master of Divinity (M.Div.). Current enrollment in the M.Div. program includes seminarians from the seven Dioceses of Florida (Miami, St. Augustine, Orlando, St. Petersburg, Pensacola-Tallahassee, Palm Beach, and Venice), the two Dioceses of Georgia (Atlanta and Savannah), as well as, Richmond, Charleston, St. Thomas Syro Malabar Catholic Diocese of Chicago, and Kingston (Jamaica).

In addition to preparing seminarians for the priesthood, the seminary has also provided theological education for deacons, religious, and laity in a variety of ways during its history. From 1980–2009, the seminary offered an M.A. in Theology, and since 2009, has offered a Master of Arts (Theological Studies) (MATS). Candidates for the permanent diaconate of the Archdiocese of Miami and the Diocese of Palm Beach receive their academic formation and may pursue the MATS degree at the seminary. A number of lay and religious students are currently enrolled in the MATS Program as well. The seminary also offers a variety of programs of continuing formation for clergy, including the Priest Winter Institute and the Deacon Summer Institute. Beginning in 2017, the seminary serves as the host for the Seminary Formation Council’s Certificate in Seminary Formation program.

As of Fall 2017, the seminary began offering a third degree program, the Master of Arts (Philosophical Studies) (MAPS). This degree program primarily is designed for seminarians fulfilling their pre-theology requirements and is also available to non-resident students seeking graduate education in philosophical studies. With the introduction of the MAPS and pre-theology programs, St. Vincent de Paul Regional Seminary is able to offer a fully integrated program of formation for qualified candidates for the priesthood, covering all of their post-baccalaureate studies.

CAMPUS AND FACILITIES

The seminary is four miles from the city of Boynton Beach, and it is accessible from the Florida Turnpike and Interstate 95. It is within walking distance of banking facilities and shopping centers.

The campus itself comprises seventy acres. In the middle of the campus is the main seminary complex, which consists of fourteen buildings in a modernized Spanish-mission style. The heart of the seminary is St. Vincent Chapel, because of its spiritual importance and architectural predominance. Broad outside corridors connect most of the buildings (resident wings housing the resident faculty and students, classrooms, refectory, auditorium, bookstore, student lounges, faculty meeting room, and faculty offices). A lake is located on the north side of the property, in front of the library/administration building.

The St. Joseph Community Center is a free standing facility, located on the western side of the main complex. It contains the student recreation room, television room, laundry facilities, weight room, and a kitchen for the use of seminarians.

The outdoor athletic facilities include, a basketball court, two tennis courts, soccer and football field, a baseball/softball field and swimming pool.

Select courses in the Master of Arts (Theological Studies) Program are offered at St. John Vianney College Seminary in Miami.
THE LIBRARY

The library is located on the north side of the lake, and is part of the building that also houses the administrative offices. It currently has 63,000 volumes, and receives 213 periodicals. Retrospective volumes in print and microfilm are steadily added to strengthen and expand the periodical collection.

Since the library serves the mission of the seminary, its collection is mainly comprised of works in philosophy and theology, with due regard to the supportive disciplines.

Because of the bilingual and multicultural nature of the seminary, the library collection includes many titles in Spanish. Moreover, because of the seminary’s unique geographical and cultural setting, the library also includes many Latin American resources.

Nearly all materials are in open stacks, readily available to users. There is also a Rare Books room, which is kept locked, but is accessible during regular business hours. Facilities in the library include a computer lab for word processing, Internet and CD-ROMs, and a photocopier. Professional staff is available for assistance to aid users in their research endeavors.

The library uses the Library of Congress online to catalog new materials more efficiently. Interlibrary loan services are available through the Library Director. The library has twenty-six study carrels, which students may reserve.

STANDING COMMITTEES

To assist in the process of formation, the seminary has standing committees made up of members of the administration, faculty, and student body. These committees help the Rector and/or Dean of Formation in the daily activities of the seminary community. They are:

A.1 - PURPOSE OF THE DEGREE

The seminary’s primary purpose is the preparation of candidates for the Roman Catholic priesthood. The priesthood ordination program is a process of formation, which entails the proper preparation of candidates as ministers of Word and Sacrament for today’s complex world. The Code of Canon Law states: “The Christian Faithful have the right to receive assistance from priests out of the spiritual goods of the Church, especially the word of God and the Sacraments” (can. 213). It is in light of this right of the Christian Faithful to worthy ministers of Word and Sacrament that St. Vincent de Paul fashions its Master of Divinity (M.Div.) and ordination programs.

The seminary fosters the formation of future priests by attending specifically to their human, spiritual, intellectual, and pastoral formation—the four dimensions of priestly formation developed in Pope St. John Paul II’s 1992 Apostolic Exhortation Pastores Dabo Vobis (PDV):

> These pillars of formation and their finality give specificity to formation in seminaries as well as a sense of the integrated wholeness of the different dimensions of formation. “Although this formation [in seminaries] has many aspects in common with the human and Christian formation of all the members of the Church, it has, nevertheless, contents, modalities, and characteristics which relate specifically to the aim of preparation for the priesthood… the Seminary should have a precise program, a program of life characterized by its being organized and unified… with one aim which justifies the existence of the Seminary: preparation of future priests” (Program of Priestly Formation [PPF], 5th ed., 2006, #70; internal quotation from PDV #61).

The Ratio Fundamentalis (Congregation for Clergy, 2016, #68) describes configuration to Christ as the most important task of the period of theological studies: “This configuration demands that the seminarian enter profoundly into the contemplation of the person of Jesus Christ, the beloved Son of the Father, sent as Shepherd of the People of God. It will make the relationship with Christ more intimate and, at the same time, will lead to an awareness and an assumption of priestly identity.

A.2 - PRINCIPAL GOAL OF THE MASTER OF DIVINITY PROGRAM

The M.Div. degree program at St. Vincent de Paul Regional Seminary offers a graduate, professional degree to candidates for the Catholic priesthood. Its principal aim is to provide preparation for ordained priestly ministry, integrating the academic (intellectual), human, spiritual, and pastoral dimensions of formation.

A.3 - M.DIV. ADMISSION REQUIREMENTS

To be considered for admission to the M.Div. program, the following items are required:
1. sponsorship by a diocese or religious community
2. completed application form, autobiography, and documentation
3. bachelor’s degree from an accredited college or university (or the equivalent of that level of academic achievement), including at least two years of philosophical studies (an official transcript from each college, university, or seminary that the candidate attended sent directly to the Registrar)
4. copies of immigration documents (visa, passport, etc.)
5. if required in an individual case, scores for the Graduate Record Examination and/or the Miller Analogy Test
6. psychological testing (report sent directly to the Rector's office)
7. physical exam report, including tuberculosis and HIV test results (report sent to the Rector's office)
8. certificates for Baptism, Confirmation, and First Eucharist (issued within the last six months and sent to the Rector's office)
9. an interview with faculty members representing the Admissions Committee
10. three letters of recommendation expressing the applicant's suitability for the M.Div. program
11. for a candidate with previous seminary or religious community experience, a final evaluation or letter of recommendation from the previous seminaries or religious communities (sent to the Rector's office)
12. a detailed autobiography
13. a current picture of the applicant
14. the Principles of Seminary Life, accepted and signed by the applicant
15. VECHS Federal Background Check, including a fingerprint check
16. participation in an accepted program for Protection of Children and Young People, such as VIRTUS
17. signed permission for the Rector to make inquiry concerning any previous seminary enrollment
18. if applicable, discharge papers from the armed services
19. records of any Church ministry (candidacy, lector, or acolyte) previously received

A.3.1. PROBATIONARY ADMISSION

The Admissions Committee reserves the right to require an academic entrance examination of a student, and/or admit him on probation, when the institution from which he transfers is not accredited or when his scholastic record is below average (below an average grade of C or a 2.0 GPA). A student must achieve good academic standing in his first semester to end such probation. In the interest of either the student or the seminary, St. Vincent de Paul Regional Seminary reserves the right to refuse to admit or readmit any student at any time. The seminary may also require the withdrawal of any student who fails to give satisfactory evidence of sufficient academic ability, earnestness of purpose, scholarly integrity, or openness to the four dimensions of formation.

A.3.2. LANGUAGE REQUIREMENTS FOR NON-NATIVE SPEAKERS

The TOEFL iBT score required for graduate-level theology in English is 75 or higher. If a student's score falls below this requirement, the following policies apply:

1. If the TOEFL iBT score between 65 and 75,
   • the student must be recommended by a college seminary to be accepted to the M.Div. Program conditionally,
• the student must take pastoral language courses;
• the student’s course load will be determined by scores in the specific skill areas.

2. If the TOEFL iBT scores below 65,
• the student must take pastoral language courses and present the English LTI-WPT (writing proficiency test) and English OPlc (oral proficiency interview) upon completion of Pastoral English IV;
• the student must obtain an intermediate-high on the English LTI-WPT before taking graduate-level theology courses in English;
• the student may be allowed to take theology courses in Spanish while strengthening his English.

A.3.3. - ADMISSION BY EXCEPTION TO THE M.DIV. PROGRAM
A seminarian who has completed the requisite philosophy and theology studies for pre-theology but does not have a bachelor’s degree, may be admitted by exception to the M.Div. program, upon recommendation of the Admissions Committee. In the case of seminarians being considered for admission by exception, there will be a careful review of the transcripts from previous academic institutions and of the recommendations of faculty and superiors from these institutions in order to determine the prospective student’s likelihood of success in the M.Div. program. This review will consider evidence of content knowledge, academic skills, capacity for graduate study, and life experience that has prepared the seminarian for graduate theological study. No more than 15% of an incoming M.Div. class may be admitted by exception.

A.4 - ACADEMIC DEGREE REQUIREMENTS

By vote of the faculty, the seminary will confer the M.Div. degree upon the candidate who has successfully completed the following:

1. the M.Div. plan of studies of 134–138 semester credit hours with a minimum of a C grade point average (2.0 GPA) (cf. A.9 Overview of Plan of Studies)
2. a minimum of 70 semester credit hours as degree candidate within at least two full years of residency at St. Vincent de Paul Regional Seminary (cf. A.5.3 Duration)
3. a minimum grade of C (2.0) on the Pastoral Care Exam (Cura Animarum), which is the capstone requirement
4. all language requirements as outlined below (cf. A.8 Bilingual-Multicultural Life)
5. all requirements of the formation program for ordination as outlined in the various seminary handbooks and in the catalog.

At the request of a sponsoring diocese or religious community, and after consultation with the Formation Team, the Academic Dean may ask the faculty to approve a plan of studies for a candidate and to approve the conferral of the M.Div. degree, with some courses being waived, provided that the purpose of these courses has been met by another means.
A.4.1. PASTORAL CARE (CURA ANIMARUM) EXAMINATION

In this examination, the candidate must manifest an adequate understanding of theology and sufficient knowledge of pastoral practice. This examination serves as the capstone requirement for the M.Div. degree.

For those in the ordination program, the examination also satisfies the requirements of Code of Canon Law, can. 1051, before ordination to the priesthood.

If a student receives below a 2.0 average for the examination, he must retake the examination. The time and manner of this retake is will be determined by the Academic Dean. A second failure disqualifies the student from receiving the M.Div. degree. Even if a student has a passing grade on the exam overall, students who are found to be deficient in an area may be required to work with a faculty member to remedy the deficiency.

A.5 - DESCRIPTION OF THE PROGRAM

A.5.1. CONTENT

The M.Div. program comprises four areas of formation: intellectual, human, spiritual, and pastoral.

The formation program for ordination is a five-year process for those who meet requirements determined for Catholic seminaries by the Decree on Priestly Formation of Vatican II, and the fifth edition of the PPF issued by the USCCB. For those candidates transferring from other formation programs, the seminary requires a minimum of two years in residence before a recommendation for ordination to the diaconate or priesthood can be given.

As a holistic program, this process of formation requires the following of each candidate:

1. continuing sponsorship by a diocese or religious community
2. good physical and psychological health
3. an attitude of openness and depth, reflecting a priestly vocation
4. the establishment of good habits, attitudes, and practices in the spiritual life that will continue after ordination
5. the liturgical/sacramental formation that reflects the tradition and the public prayer life of the Church
6. the intellectual appropriation of the Church's teaching and tradition
7. pastoral attitudes and experiences that witness to the seminarian's preparedness for ministry
8. community participation that reflects the commitment which the seminarian aspires to make as a priest
9. openness to this seminary's bilingual and multicultural charism, and the desire to serve all of God's people
Within the four dimensions of formation, the M.Div. program provides a breadth of exposure to, and deeper understanding of, the theological disciplines throughout the configuration stage.

A.5.1.1. INTELLECTUAL FORMATION

The area of intellectual formation provides structured opportunities to develop a comprehensive and discriminating understanding of Roman Catholic theology. The Student Learning Outcome for Intellectual Formation indicates that the graduate will demonstrate a competent understanding of Catholic theology (including Scripture, systematic theology, moral theology, canon law, and historical theology) and the ability to research and develop well-grounded theological arguments (including the ability to conduct research using appropriate resources, synthesize and logically organize information, evaluate nuanced perspectives, and connect to one’s own spiritual life and to pastoral practice). (Intellectual Formation: M.Div. SLO-3)

The commitment to study, which takes up no small part of the time of those preparing for the priesthood, is not in fact an external and secondary dimension of their human, Christian, spiritual and vocational growth. In reality, through study, especially the study of theology, the future priest assents to the word of God, grows in his spiritual life and prepares himself to fulfill his pastoral ministry. (PDV #51)

The academic dimension of the formation program for ordination is fulfilled by the M.Div. plan of studies, which includes between 134 and 138 core credit hours. The courses cover the following fields of theological studies: Scripture, Systematic Theology, Moral Theology, Church History, Canon Law, Pastoral Theology, Pastoral Language, and electives. Details may be found in the Plan of Studies (A.9). Qualified candidates admitted into the formation program are enrolled in the M.Div. plan of studies. Transfer students from other seminaries may enter the M.Div. degree program if they have been in the M.Div. or an equivalent program at the seminary from which they transferred. To qualify for this degree, transfer candidates must enroll for a minimum of four full semesters of academic work at St. Vincent de Paul Regional Seminary. (For full details of the M.Div. Degree academic requirements, transfer credits, etc., cf. the section General Academic Information).

A.5.1.2. HUMAN FORMATION

According to the Student Learning Outcome for Human Formation, the graduate will manifest emotional, moral, and psychological maturity for Christian living, evangelizing witness, and joyful priestly service. (Human Formation: M.Div. SLO-1)

Every Seminary must have a program of human formation appropriate to the stage of the candidates’ preparation, which seeks to prepare men to be bridges for, not obstacles to, the
spread of the Gospel. The identity to be fostered in the candidate is that he become a man of communion, that is, someone who makes a gift of himself and is able to receive the gift of others. He needs integrity and self-possession in order to make such gift. The capacity to be fostered is the affective ability to engage in pastoral leadership with Jesus as the model shepherd. (PPF #83)

Each applicant to the formation program of St. Vincent de Paul Regional Seminary is expected to undergo physical and psychological examinations as part of the entrance requirements. The physical and psychological well-being of the priest is very important since he will be ordained to assist others in human and spiritual growth. The formation program will challenge the candidate to examine and change attitudes and habits that hinder his freedom for ministry. The seminary is prepared, though trained personnel and facilities, to help the candidate in this aspect of formation. Student Learning Outcomes are measured systematically by a standard rubric by members of the Formation Team. In addition, the program of human formation provides opportunities that enable seminarians to grow in emotional maturity, moral integrity, and public witness. The program also helps them to develop an understanding of the multicultural realities and structures within which the Catholic Church lives and carries out its mission.

Finally, the Board of Trustees has mandated that the seminarians actively participate in annual Chaste Celibacy and Addiction Workshops. The seminary holds these workshops during closed weekends. On closed weekends, all seminarians are required to remain on campus.

A.5.1.3. SPIRITUAL FORMATION

The Student Learning Outcome for Spiritual Formation indicates that graduates will
evidence a theologically informed, developing priestly spirituality that embraces prayer, simplicity of life, obedience, pastoral service, attentiveness to the marginalized and social justice, a commitment to spiritual direction, a regular practice of the use of the Sacrament of Reconciliation, a valuing of community, and chaste celibacy. (Spiritual Formation: M.Div. SLO-2)

The spiritual formation program is at the center of the whole formation program of the seminary.

Since spiritual formation is the core that unifies the life of a priest, it stands at the heart of seminary life and is the center around which all other aspects are integrated. Human, intellectual, and pastoral formation are indispensable in developing the seminarian’s relationship and communion with God and his ability to communicate God’s truth and love to others in the likeness of Jesus Christ, the Good Shepherd and eternal High Priest. (PPF #115)

The seminarian gradually learns how to deepen his intimacy with Christ and develop an orientation to pastoral ministry. Both human development and spiritual progress are closely intertwined in this process.
of growth to priestly maturity. The seminarian needs a high degree of emotional maturity and personal holiness to enable him to accept priestly challenges and to exercise pastoral responsibility.

The seminary offers a variety of opportunities and activities to help the seminarian discern his vocation and grow in his relationship with Christ. The expansive grounds and chapels provide an atmosphere for reflection and quiet meditation. Seminarians are expected to attend and participate in the daily Eucharist, Morning and Evening Prayer, days and weekends of recollection, conferences, retreats, and devotions. All these spiritual activities touch on the many themes of spiritual, communal, and pastoral life. Central to spiritual formation is the ongoing opportunity for personal and spiritual direction. The spiritual director is a companion and guide who assists the seminarian in listening and responding to God's self-communication in the seminarian's life. The seminarian is presented with issues of priestly identity and service, such as sacrificial love, mature obedience, chaste celibacy, flexibility, simplicity in lifestyle, and commitment to social justice.

The Dean of Spiritual Formation, in consultation with the Rector, coordinates the spiritual life of the seminary. He coordinates the activities of all the spiritual directors of the seminary and ensures that each seminarian has a spiritual director. It is the responsibility of the Dean of Spiritual Formation to ensure that each seminarian is actively participating regularly in spiritual direction sessions with his individual director and for the systematic evaluation of student learning goals in this area.

### A.5.1.4. PASTORAL FORMATION

The Student Learning Outcome most directly connected to Pastoral Formation indicates that the M.Div. graduate will

> exhibit a substantive capacity for priestly ministry and pastoral leadership to the People of God as developed through field education placements and responsibilities. *(Pastoral Formation: M.Div. SLO-4)*

Graduates must also heed the call of Pope Francis for the Church to be "a community of missionary disciples" (Evangelii Gaudium #24), and thus will

> express evangelical zeal and competency for pastoral outreach to all, with particular attention to the poor and marginalized, through the acquisition of pastoral language skills, awareness of cultural context, the application of theological material to pastoral situations, and well-developed preaching and teaching skills. *(Missionary Discipleship: M.Div. SLO-5)*

The pastoral formation program provides education, field placements, supervision, and theological reflection in the practice of ministry to help priesthood candidates to develop the attitudes and skills needed to fulfill these learning outcomes.

Pastoral formation provides an opportunity for the seminarian to exercise various forms of leadership in the Church and to learn and integrate the uniquely priestly dimensions of pastoral ministry. Supervision is provided by seminary pastoral staff, on-site supervisors, and trained volunteers. In addition, parish priests
serve as valuable role models and teachers by their integration of a healthy prayer life, ongoing personal growth, and constant theological development within active priestly ministry.

In offering the seminarian various supervised experiences of pastoral ministry, the seminary seeks to help him to develop a zeal for the mission of the church, a love for pastoral care of God's people, and a pastoral acumen that reflects his readiness for ordained ministry. The Dean of Pastoral Formation and the Director of Field Ministry are responsible for coordinating the pastoral formation program. Systematic assessments are achieved by means of a standard rubric to measure identified areas of growth in the Student Learning Outcomes.

The Pastoral Formation requirements consist of the following seminars, field placement assignments, sacramental, and preaching practice:

**FIELD PLACEMENTS AND INTEGRATIVE SEMINARS**

Field placements are required for each year of study. The following are Pastoral Seminar requirements for the Ordination Program:

- **PFS520 Introduction to Pastoral Ministry** - 2 cr. hours
- **PFS530 Critical Issues in Pastoral Ministry** - 2 cr. hours
- **PFS620 Theological Reflection** - 1 cr. hour

- **PAS604 Pastoral Placement II** - 3 cr. hours
- **PAS605 Pastoral Year Workshop I** - 2 cr. hours
- **PAS606 Pastoral Year Workshop II** - 2 cr. hours

Seminarians will be assigned to a variety of pastoral placements during their years of formation. The minimum field placement hourly requirements per week are:
PROGRAMS

First Theology - 2 hours
Second Theology - 2 hours
Third Theology - 2 hours
Fourth Theology (non-ordained) - 2 hours
Fourth Theology (ordained) - Sat. noon-Sun. evening.
Pastoral Year Internship - 9 month placement

PFS700 Liturgical Practicum I - 1 hour
PFS800 Liturgical Practicum II - 2 hours

PREACHING PRACTICA:

HOM620 Homiletics I - 2 hours
HOM720 Homiletics II - 2 hours
HOM730 Homiletics III - 2 hours
HOM820 Homiletics IV - 2 hours

A.5.2. RESIDENCY REQUIREMENT

The M.Div. Program at St. Vincent de Paul has a multifaceted goal: the academic, human, spiritual, and pastoral formation of future priests. The importance of developing a comprehensive educational community is such that the M.Div. cannot be viewed simply as an accumulation of courses or of an individual's independent work.

To ensure the development of this educational community, no more than 61 semester hours of graduate credit work completed in other graduate theologates can be transferred into the M.Div. Program.

A.5.3. DURATION

“At least four full years should be dedicated to graduate theological studies” (PPF #191). As indicated above in A.3, a candidate for the M.Div. at St. Vincent de Paul must complete at least two full years in residence.

A.6 - EVALUATIONS, MINISTRIES, AND ORDERS

The formation program at the seminary is under the direction of the Rector, acting as the Dean of Formation. The Rector coordinates various aspects of the seminary formation, with the support of the Formation Team. Each seminarian has both a spiritual director and formation advisor while in formation.
A.6.1. EVALUATIONS

The formation process facilitates both the Church’s and the candidate’s own discernment of a priestly vocation through the annual process of evaluation. The formation advisor helps the seminarian with his growth and integration of the dimensions of priestly formation. More specifically, the formation advisor helps the candidate with the details of self-evaluation, yearly evaluations, and ultimately recommendations for orders. It is the responsibility of the candidate to meet at least monthly with his formation advisor to discuss his progress in the formation process. This process involves the candidate, the Formation Team, the seminary community (through an endorsement process), and pastoral placement supervisors. Annual standardized assessment rubrics based on the requirements specified in the PPF are completed by the Rector, the Dean of Human formation, formation advisors, faculty, and pastoral supervisors.

A.6.2. RECOMMENDATIONS FOR CANDIDACY, MINISTRIES, AND ORDERS

Since the purpose of the formation program is to provide worthy candidates to the Church as priests, the seminary takes seriously its responsibility to recommend only worthy candidates to diocesan bishops for installation into the ministries of lector and acolyte, admission to candidacy, and especially for ordination to the diaconate and the priesthood. Consequently, such recommendations are made only when the candidate has been involved in the seminary’s formation program for a sufficient period of time.

A candidate is not considered for recommendation to the order of diaconate or priesthood unless he has been in the formation program of St. Vincent de Paul Seminary for at least two years. The seminary normally schedules ordination to diaconate during the spring semester of third theology, for those seminarians whose bishops wish them to be ordained to the diaconate with their classmates. Diocesan bishops generally schedule ordination to the priesthood after the deacon has completed his fourth year of theology.

A.7 - COMMUNITY LIFE

It is from the parish community that each seminarian comes as a candidate, and it is to the parish community that each candidate returns as a priest. Thus, the seminary fosters a sense of the Church as the community of God’s people. By participating in community life, the candidate shares in the responsibilities and benefits of this community. Community life involves a common life of prayer, study, and work, sharing in the celebration of milestones within the process, both academic and pastoral, and shared liturgical and sacramental events. A true sense of respect and charity is an underlying premise of community life: “Love is patient; love is kind; love is not jealous or boastful; it is not arrogant or rude. Love does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrong, but rejoices in the right. Love bears all things, hopes all things, endures all things” (1 Cor 13:4–7).

As future priest, each candidate will be expected to be a leader of community and a public person. The seminary would be remiss in its responsibility if it did not train each candidate in these two specific areas. With this vision, and within the context of the immediate community and various pastoral settings, the candidate is expected to exhibit qualities of leadership and to act as a public person.
Seminarians are expected to contribute to the broader community life in the following ways:

**Community Service:** Community life requires that each seminarian contribute his time and talent for the common good. To this end, each seminarian is given a “stewardship assignment,” which should take at least two hours of work weekly. The Student Council, in consultation with the Dean of Human Formation, distributes the stewardship assignments.

The Student Council is an important part of community life. It affords the opportunity for seminarians to participate in leadership roles and encourages creative and constructive activity in the community. The Student Council exists and operates as an organized committee, elected by the seminarians to do the following:

1. provide a vehicle for communication among administration, faculty, and seminarians
2. provide a forum for seminarians to share ideas, express opinions, and reach a consensus on matters that concern them
3. coordinate community activities and organizations
4. form *ad hoc* committees to address particular needs
5. administer students’ funds and properties

**Class Responsibilities:** There are certain times during the semester when a class is expected to assume responsibility for community-oriented events. Examples include community dinners, social events, stewardship-appreciation days, and participation in annual fundraising events, such as Friends of the Seminary.

**A.8 - BILINGUAL AND MULTICULTURAL LIFE**

An essential component of St. Vincent de Paul Regional Seminary since 1971 has been its bilingual (English/Spanish) Program. Sensitive to the needs of the Church in Florida and throughout the United States, the seminary began this program to help students become bilingual and appreciative of the cultural differences in American society. In their Pastoral Letter of December 1990, *Heritage and Hope: Evangelization in America*, the U.S. Bishops affirmed that the diverse cultures and peoples of the Church in the U.S. are unique “gifts of God.” This is the vision that has guided St. Vincent de Paul Regional Seminary in its commitment to the formation of priests who serve in a multicultural context.

Because of this vision and commitment, many aspects of the formation program are bilingual. Spiritual direction, formation sessions, counseling, liturgical celebrations, select academic courses, conferences, field education opportunities, and programs are offered in both Spanish and English.

St. Vincent de Paul Regional Seminary is enriched with the presence of faculty members and seminarians from North and South America, the Caribbean, Europe, Asia, and Africa. Seminarians profit from a mixture of cultures and traditions as well as by practicing and perfecting their pastoral language.

By the time of graduation, all seminarians pursuing the M.Div. degree at St. Vincent de Paul are expected to be proficient in English at an advanced or superior level according to American Council
on Teaching Foreign Languages (ACTFL) standards. In addition, seminarians who are native English speakers are expected to be functionally proficient in Spanish at an intermediate or higher level and be able to competently celebrate the Holy Eucharist in Spanish by fourth theology.

*Seminarians from the Redemptoris Mater Seminary may substitute PAS607, PAS608, PAS707, and PAS708, over 2 years.

**HIS756 American Church History will be taught separately until Spring 2021.

NOTE: The Seminarian Handbook contains more detailed expectations regarding the four dimensions of priestly formation.
B.1 - PURPOSE OF THE DEGREE

The Master of Arts (Philosophical Studies) (MAPS) is a graduate program of philosophical studies in preparation for graduate study in theology and for further formation for the priesthood. This degree program serves the mission of the seminary in the following ways:

1. In keeping with the seminary’s primary mission, the MAPS program provides the philosophical and preparatory theological background required by the Program of Priestly Formation (PPF) for entrance into an M.Div. program, in an environment where the four dimensions of formation for the priesthood are addressed.

2. In keeping with the secondary mission of the seminary, the MAPS program is available to non-resident students desiring to pursue graduate philosophical studies, preparing students to integrate theological and philosophical principles so that they can better engage the world today.

B.2 - PRINCIPAL GOALS OF THE MASTER OF ARTS (PHILOSOPHICAL STUDIES) PROGRAM

The goals of the MAPS program are expressed in the following Student Learning Outcomes, which call for graduates to be able to

1. demonstrate a comprehensive knowledge of philosophy necessary to pursue higher-level graduate study of theology including the history of philosophy, logic, epistemology, philosophy of nature, metaphysics, natural theology, philosophical anthropology, and ethics (as outlined in the PPF #155–156, 182) (Philosophical Content: MAPS SLO-1);

2. demonstrate the knowledge of theology necessary to pursue higher-level graduate study of theology including church teachings, Scripture, and the role of the Church in the world (Theological Content: MAPS SLO-2);

3. integrate philosophical and theological concepts, demonstrating the ability to research the thought of and dialogue with philosophers of different eras, including modern thinkers, and the capacity to make the link “between philosophical insights and theological frameworks” (PPF 186) (Integration: MAPS SLO-3);

4. communicate graduate-level philosophical and theological concepts in appropriate writing or presentation style, in a way that is logical, engaging, and responsive to questions asked by scholars or the lay public today (Communication: MAPS SLO-4).
B.3 - MAPS ADMISSION REQUIREMENTS

To be considered for admission to the MAPS program, the following items are required:

1. completed application form and autobiography
2. bachelor’s degree from an accredited college or university (or the equivalent of that level of academic achievement), including at least two years of philosophical studies (an official transcript from each college, university, or seminary that the candidate attended sent directly to the Registrar) a cumulative GPA of 3.0 on a four-point scale
3. if required in an individual case, scores for the Graduate Record Examination and/or the Miller Analogy Test
4. three letters of recommendation expressing the applicant’s suitability for the MAPS program
5. an interview with faculty members representing the Admissions Committee

If the institution from which a student transfers is not accredited or if a student's undergraduate GPA was under 3.0, a student may be required to take an academic entrance examination or be admitted on probation. A student must achieve a 3.0 GPA in the first semester to end such probation.

B.3.1. CATEGORIES OF ADMISSION

Students may be admitted in the MAPS program and/or the pre-theology program within five possible categories:

1. degree-seeking seminarians
2. seminarians seeking to complete the requirements for pre-theology without pursuing the MAPS degree
3. degree-seeking students who are not seminarians
4. non-degree-seeking students who are not seminarians (Students in this category can take up to nine semester credit hours before they must officially declare in writing their intent to enroll in the MAPS degree program.)
5. audit students (This option is available only to degree-seeking students or alumni. Students may not enroll with the intention of only auditing courses.)

B.3.2. LANGUAGE REQUIREMENTS FOR NON-NATIVE SPEAKERS

The TOEFL-iBT score required for the MAPS program is 75 or higher.
B.3.3. REQUIREMENTS FOR THE PRE-THEOLOGY PROGRAM

In addition to meeting the requirements for the MAPS program, seminarians applying for the pre-theology program need to meet the following additional requirements (the Academic Dean may adapt requirements listed at B.3 for seminarians who are not pursuing the MAPS degree):

1. sponsorship by a diocese or religious community
2. copies of immigration documents (visa, passport, etc.)
3. psychological testing (report sent directly to the Rector’s office)
4. physical exam report, including tuberculosis and HIV test results (report sent to the Rector’s office)
5. certificates for Baptism, Confirmation, and First Eucharist (issued within the last six months and sent to the Rector’s office)
6. an interview with faculty members representing the Admissions Committee
7. for a candidate with previous seminary or religious community experience, a final evaluation or letter of recommendation from the previous seminaries or religious communities (sent to the Rector’s office)
8. a detailed autobiography
9. a current picture of the student applicant
10. the Principles of Seminary Life, accepted and signed by the applicant
11. VECHS Federal Background Check, which has to include a fingerprint check
12. participation in an accepted program for Protection of Children and Young People, such as VIRTUS
13. signed permission for the Rector to make inquiry concerning any previous seminary enrollment
14. if applicable, discharge papers from the armed services
15. records of any Church ministry (candidacy, lector, or acolyte) previously received

B.4 - DESCRIPTION OF THE PROGRAM

B.4.1. ACADEMIC DEGREE REQUIREMENTS

The MAPS program consists of a minimum of 42 semester credit hours distributed as follows (overview of courses presented at B.5):

1. 30 credit hours of philosophical studies
2. 12 credit hours of theological studies
3. a comprehensive exam, with written and oral components
4. a philosophy/theology integration paper, as part of PHI545 (Philosophy/Theology Seminar)

B.4.2. CAPSTONE EXAMINATION

The comprehensive examination is a requirement for graduation from the MAPS program. This examination takes place during the second semester of the year in which the student expects to
graduate. This examination includes written and oral portions. Students who receive below a 3.0 for the examination must retake it. The time and manner of this retake is to be determined by the Academic Dean. A second failure disqualifies the student from receiving the MAPS degree.

**B.4.3. DURATION**

The MAPS program requires four semesters of full-time study or its equivalent. Students have five years to complete the program. The five-year period begins on the opening date of the first semester in which coursework begins.

**B.5 - OVERVIEW OF THE PLAN OF STUDIES FOR THE MAPS PROGRAM**

The following is an overview of the MAPS plan of studies, assuming completion in two academic years:

NOTE: With the permission of the Academic Dean, students who, based on previous academic work, show competence in the material covered by the prescribed theology courses may substitute electives from other SVDP offerings. Pre-theology students who do so would still need to take the same total number of credits in the M.Div. program.
The primary intent of the MAPS program is to fulfill the requirements for intellectual formation which the *Ratio Fundamentalis Institutionis Sacerdotalis* (#63) describes as the “Stage of Philosophical Studies (or Discipleship).” This stage “allows for systematic work in the personality of the seminarian, in openness to the Holy Spirit” (*Ratio Fundamentalis Institutionis Sacerdotalis*, #63). The four dimensions of formation—intellectual, human, spiritual, and pastoral (described in detail in the description of the M.Div. program, see A.5), are addressed extensively in the pre-theology program. The seminarian must fulfill not only the academic requirements, but also all the requirements of the formation program, as described in the *Seminarian Handbook*.

Seminarians in the pre-theology program who are pursuing the MAPS degree follow the plan of studies below. The language courses may vary, based on the needs and abilities of the individual seminarian. Seminarians participating in the pre-theology program but not enrolled in the MAPS program also follow this plan of studies:

Program. Students who are fluent in Spanish may, with the approval of the Academic Dean, take appropriate elective courses in the M.Div. Program.

B.7 - MAPS PROGRAM FOR FORMER SEMINARIANS

Any seminarian who withdraws from the pre-theology program and wishes to complete the MAPS degree as a nonresident student may request to complete the program as a nonresident student after a full semester from the date of withdrawal but within three years of the acceptance date into the pre-theology program. Any exception to this policy must be approved by the Admissions Committee.
C.1 - PURPOSE OF THE DEGREE

The Master of Arts (Theological Studies) (MATS) is a graduate program of theology for lay and religious students. The MATS program offers theological preparation for ministries other than priesthood, such as the permanent diaconate, for preparation for further graduate study in theology, or for personal theological enrichment. The program is aligned to the academic standards of The National Directory for the Formation, Ministry, and Life of Permanent Deacons. Candidates in formation for the permanent diaconate in the Archdiocese of Miami and the Diocese of Palm Beach receive their academic formation through the MATS program.

C.2 - PRINCIPAL GOALS OF THE MASTER OF ARTS (THEOLOGICAL STUDIES) PROGRAM

The goals of the MATS program are expressed in the following Student Learning Outcomes, which require graduates to be able to

1. express a competent understanding of Catholic theology including Scripture, systematic theology, moral theology, and historical theology (Content: MATS SLO-1);
2. develop theological arguments with pastoral applications demonstrating the ability to conduct research using appropriate resources, synthesize and logically organize information, and evaluate nuanced perspectives (Developing Theology: MATS SLO-2);
3. communicate theological concepts for the lay public grounded in research and knowledge in a way that is engaging, contextually aware, and pastoral (Communication: MATS SLO-3).

C.3 - MATS ADMISSION REQUIREMENTS

To be considered for admission to the MATS program, the following items are required:

1. completed application form and autobiography
2. bachelor's degree from an accredited college or university (or the equivalent of that level of academic achievement), including at least two years of philosophical studies (an official transcript from each college, university, or seminary that the candidate attended sent directly to the Registrar)
3. a minimum of twelve semester credit hours in philosophy (students lacking in these may take noncredit courses offered at the seminary)
4. a cumulative GPA of 3.0 on a four-point scale
5. scores for the Graduate Record Examination and/or the Miller Analogy Test (if required in an individual case)
6. three letters of recommendation expressing the applicant's suitability for the MATS program
7. an interview with faculty members representing the Admissions Committee

If the institution from which a student transfers is not accredited or if a student's undergraduate GPA was under 3.0, a student may be required to take an academic entrance examination or may be admitted on probation. A student must achieve a 3.0 GPA in the first semester to end such probation.

**C.3.1. CATEGORIES OF ADMISSION**

Nonresident students may be admitted into one of three possible categories:
1. degree-seeking students
2. non-degree-seeking, credit-earning students (Students in this category can take up to nine semester credit hours before they must officially declare in writing their intent to enroll in the MATS degree program; this option is primarily designed to accommodate degreeed catechists and Catholic School teachers in professional development.)
3. audit students (This option is available only to degree-seeking students or alumni. Students may not enroll with the intention of auditing courses only)

**C.3.2. LANGUAGE REQUIREMENTS FOR NON-NATIVE ENGLISH SPEAKERS**

The TOEFL-iBT score required for the MATS program is 75 or higher.

**C.4 - DESCRIPTION OF THE PROGRAM**

**C.4.1. ACADEMIC DEGREE REQUIREMENTS**

The MATS program consists of a minimum of 48 semester credit hours distributed as indicated in the plan of studies below at C.5.

**C.4.2. PROPAADEUTIC SEMESTER**

Students admitted to the MATS program are required to complete a propaedeutic semester, which includes philosophy and writing-skills prerequisites, prior to beginning the full MATS program. The credits taken in the propaedeutic semester are not included in the 48 credits required for completion of the degree. A student who can demonstrate competence in these areas may appeal to the Academic Dean for the waiver of this requirement.

**C.4.3. COMPREHENSIVE EXAMINATION**

The comprehensive examination is a requirement for graduation from the MATS program. This examination takes place during the second semester of the year in which the student expects to
graduate. This examination includes written and presentation portions. Students who receive below a 3.0 for the examination must retake it. The time and manner of this retake is to be determined by the Academic Dean. A second failure disqualifies the student from receiving the MATS degree. Students who registered in the MATS program before May 2016 have the option of replacing the comprehensive examination with an expanded paper (as described in the 2015-2016 Catalog), as long as they complete the requirements for graduation by the end of spring semester in 2019.

**C.4.4. DURATION**

The MATS program requires four semesters of full-time study or its equivalent. Nonresident students have five years to complete the program. The five-year period begins on the opening date of the first semester in which a student first takes courses in the MATS plan of studies described below, at C.5.

C.6 - MATS PROGRAM FOR FORMER SEMINARIANS

Any seminarian who withdraws from the M.Div. program and meets the MATS admission requirements may apply to complete the MATS program as a non-resident student. This application must be made after a full semester from the date of withdrawal but within six years of the acceptance date into the M.Div. program. Any exception to this policy must be approved by the Admissions Committee.

C.7 - MATS PROGRAM FOR CANDIDATES FOR THE PERMANENT DIACONATE

The MATS program provides the intellectual formation for candidates for the permanent diaconate. This program offers a four-year cycle of courses to work in conjunction with the other dimensions of the diaconal formation programs of the Archdiocese of Miami and Diocese of Palm Beach. Weekend courses are offered once a month, for nine weekends during the academic year, at the Boynton Beach campus. In addition, MATS courses are offered at both the Boynton Beach and Miami campuses on Wednesday evenings. The course offerings for each year are available in the Academic Office.

The following courses, while they count as elective courses within the MATS program, are required for candidates for the permanent diaconate to complete their program requirements:

- MLAW710  Canon Law ....................................................................................... 3
- MHOM615  Theology of Preaching & Presentations ........................................... 3
- MHOM720  Homiletics II ..................................................................................... 2
- MPAS615  Pastoral Counseling ........................................................................ 3
- MTHY525  Introduction to Christian Spirituality .................................................2
- MPFS700  Liturgical Practicum for Deacon Candidates I .................................1
- MPFS800  Liturgical Practicum for Deacon Candidates II .................................1

C.8 - CERTIFICATE IN DIACONAL STUDIES

St. Vincent de Paul Regional Seminary also offers the opportunity for candidates for the permanent diaconate who are not seeking the MATS to participate in non-degree, non-credit coursework to meet the requirements for ordination to the permanent diaconate. Further information about this program can be obtained from the Academic Office.
ACADEMIC YEAR

The academic year comprises two fifteen-week semesters, Fall and Spring.

ASSIGNMENT OF CREDITS

Assignment of credits is indicated in semester hours. A semester hour is defined as one class period of fifty minutes per week and approximately two hours of work outside of class, for approximately 15 weeks. Successful completion of the course earns one credit for each semester hour.

Non-credit courses are defined by units and contact hours. A contact hour is defined as one class period of fifty minutes per week, for approximately 15 weeks. Successful completion of the course earns one unit for each contact hour.

COURSE LOAD

Course load consists of all the required courses plus electives for which a student registers in a given semester. An M.Div. student may not carry more semester credit hours than is outlined in the M.Div. plan of studies, nor fewer than 11 credit hours, except by permission of the Academic Dean. A non-resident MATS student may not carry more than 12 credit hours per semester, except by permission of the Academic Dean. Full-time course load for any student is a minimum of 9 credit hours.

REQUIRED COURSES

Required courses for each program are the courses that all students in the M.Div., MAPS, Ordination, and MATS Programs must take, according to the seminary plan of studies. (cf. Ordination, M.Div., MAPS and MATS Plan of Studies).

ELECTIVE COURSES

General elective courses are credit courses which the student chooses to take in addition to required courses. Unless the Academic Dean grants an exception, an elective course must receive a minimum registration of five students in order to be taught.

INDEPENDENT STUDY COURSES

An independent study course is a tutorial course, which has its own proper title. It is designated as an elective for a student having a 3.50 GPA who wishes to specialize in a particular area; or as a required course for a student who otherwise cannot take a core course.

The following procedure is to be followed for an independent study course:

1. By the end of the Add/Drop period, the student submits to the Academic Dean a registration form, indicating the instructor/director’s acceptance to teach/direct the course.
2. The syllabus for the course, which should include a schedule of meetings, must be submitted with this form.
3. The Formation Advisor or the Director of Non-resident Students must approve the independent study course.
4. The Academic Dean must approve the independent study course.
5. Copies of research papers from specialized independent study courses are to be submitted to the Academic Office at the end of each semester.

COURSE REQUIREMENTS

In the first week of the semester, students receive from the instructor a copy of the course syllabus for each course in which they are enrolled. In the syllabus, the instructor clearly makes known to the students policies concerning course requirements, assignments, papers, tests, quizzes, examinations, etc. He/she likewise conveys to the students the expectations, learning objectives, schedule, and all necessary information relative to determining course grades and other measures of student learning.

It is left to the judgment of each instructor to give oral or written tests or quizzes, with or without previous notice, to the students. However, instructors of required courses are expected to give final written examinations as scheduled by the Registrar at the conclusion of each semester.

CLASS ATTENDANCE

Each student is expected to attend all scheduled classes and related academic programs. Unauthorized absences may result in loss of credit for the course. A student who is absent from class is required to make up missed work; arrangements to do so are the responsibility of the student.

A student enrolled to audit a class is expected to attend class regularly but is exempt from assignments, papers, tests, and examinations.

ACADEMIC EVALUATION

The instructor submits to the Academic Dean at the conclusion of the semester an academic grade for each student. This grade involves consideration of the following indicators of student performance and learning: attendance; interest; initiative; engagement (e.g., participation in and contribution to class activities, discussions, and projects); and successful fulfillment of course requirements such as readings, papers, quizzes, and examinations. The academic evaluation is based upon the approved grading system.

</table>

PASSING

The grade of D indicates that the student has passed the course and earned the corresponding credit and grade points. D however, is a minimum passing grade indicative of below average work and unsatisfactory quality.

The grades of Ex (Excellent), Go (Good), Sa (Satisfactory), Pr (Poor), and Fa (Failure) are used in the Certificate in Diaconal Studies program.

FAILURE

A student may receive the grade of F by reason of inadequacy in several categories listed under Academic Evaluation, including unauthorized class absences, unauthorized absence from the final
examination or the automatic conversion of an incomplete grade (see below). If a student receives the grade \( F \) for a course, no credit is given without repetition of the course. The course must be repeated if it is a required course. The grade of \( Fa \) or \( U \) is also used to indicate that a student has failed to complete satisfactorily a specific Pastoral Formation requirement for which academic credit may have been awarded. Pastoral field placement courses do enter into computation of grade point average (GPA).

**INCOMPLETE**

The grade of \( I \) is a temporary notation indicating that some course work, assignment, test, or examination has not been completed by the end of the semester because of some circumstance beyond the student's control, and the instructor, after consultation with the Academic Dean, has granted an extension of time for its completion. An incomplete grade must be removed before mid-semester of the following semester; otherwise, the incomplete grade automatically becomes an \( F \) or \( Fa \). The individual instructor, in consultation with the Academic Dean, may specify an earlier deadline at the time the \( I \) is granted.

**WITHDRAWAL**

Withdrawal from a course may occur during the Add/Drop period. No student may withdraw at any time from a required course without the approval of the Academic Dean. After the Add/Drop period, withdrawal with approval will be graded \( WP \) or \( WF \) according to the judgment of the instructor. Withdrawal without approval from any course at any time will be graded \( WF \). A student who withdraws from a required course must repeat that course.

**GRADE IN QUESTION**

Any question concerning a grade must be resolved by the student, in consultation with his formation advisor (for seminarians) or the Director of Non-resident Students (for non-seminarians) and the instructor, within one week of the official notification of grades. If any change is to be made, a written request must be submitted to the Academic Dean by the instructor.

**SCHOLASTIC INDEX**

The cumulative grade point average (GPA) is the overall grade point average for all semesters completed. This is a student's scholastic index. Course credit hours are not computed if the grade is \( W \), \( WP \) or \( AU \); they are computed if the grade is \( F \) or \( WF \).

**TRANSFER CREDIT**

Credit earned at accredited colleges or seminaries is transferable to St. Vincent de Paul Regional Seminary for any degree program. A maximum of 61 credits can be accepted in transfer for the M.Div. degree program, and a maximum of nine credits for the MAPS or MATS degree program. No grade below C will be accepted in transfer for the M.Div. Program, and no grade below \( B \) will be accepted in transfer for the
MATS Program. Generally, no credits earned more than seven years prior to entrance into St. Vincent de Paul Regional Seminary are accepted for transfer credit hours.

HONORS

A degree candidate who has maintained a high level of scholastic standing is awarded his/her degree with the following distinctions, provided that in the judgment of the Faculty Council he/she reflects the aims and objectives of this seminary:

1. Cum laude for a GPA of 3.5
2. Magna cum laude for a GPA of 3.7
3. Summa cum laude for a GPA of 3.9

VALEDICTORIAN

The title of valedictorian is awarded to the graduate with the highest GPA at SVDP among the graduates for that year for the M.Div., MAPS, and MATS, respectively. The valedictorian must earn at least 50% of his/her credits while enrolled in the SVDP degree program from which he/she is to receive a degree.

ACADEMIC PROBATION

Academic probation is a serious warning to the student that his/her academic record is unsatisfactory. It is not a penalty. A student is placed on academic probation if his/her most recent semester's GPA is below 2.0 or his/her cumulative GPA falls below either 2.0 for M.Div. and MAPS students, or 3.0 for MATS students.

A student on academic probation will be so informed as soon as possible by the Academic Dean. Thereafter, the student is expected to consult his/her formation or faculty advisor as directed.

The Executive Committee of the Academic Committee will review the case of a MATS student who has obtained, in two courses, grades lower than $B$ in any one semester of study, or whose cumulative GPA falls below 3.0. After consultation with the student’s faculty advisor, an appropriate course of action will be devised and its implementation monitored.

A MATS student on academic probation for two consecutive semesters will not be allowed to continue in the degree program. Upon recommendation by the Academic Dean, the Rector may allow such a student to register for Audit status.

The Formation Team will review the case of an ordination candidate who is on academic probation for two successive semesters, or has failed two courses in a single semester. Such a student may continue in the seminary only by special approval of the Formation Team. Any student who is receiving Veterans’ benefits will be terminated for V.A. pay purposes if the student remains on academic probation beyond two consecutive semesters.
POLICIES REGARDING WORK FOR EVALUATION

1) WRITING STYLE
All written work is to conform to the norms stipulated in the document “A Guide to Formatting Written Work at SVDP.” The style described therein is based on the 17th edition (2017) of *The Chicago Manual of Style*.

2) USE OF GENDER-INCLUSIVE LANGUAGE
While the direct quotations from other works are to respect the language of quoted text, appropriate use of gender-inclusive language is expected in all written work.

3) WRITTEN WORK DUE DATE
The last possible submission date for written work such as papers, reports, etc., is determined by the Academic Dean, in consultation with the Faculty Council, and then published in the official Seminary Calendar. Instructors have the right to require due dates for written work prior to, but not after, this date. Additionally, students are expected to abide by the timely performance policy (see below) regarding both written and non-written assignments.

TIMELY PERFORMANCE POLICY

Students are expected to be on time for all scheduled classes and have all work completed by the date indicated by an instructor either orally or as specifically indicated in the syllabus, which, by seminary policy, is subject to modification according to circumstances determined and articulated by the instructor.

Written work is due immediately upon entry to class of the assigned date, or at the discretion of the instructor, in electronic format by the date and time indicated in the directive. A student who is late for class should speak to the instructor explaining the reason for being tardy. If a student is late for a third class, or assignment within a semester, the appropriate formation advisor, the Director of Non-resident Students and/or the student’s diaconate formation office will be notified.

INFORMATION TECHNOLOGY POLICY

The seminary administration recognizes the need to provide technological resources to support its mission statement. As a commitment to the teaching, learning and research goals of the seminary program, every effort is being made to provide adequate electronic resources for students, faculty and staff to assist and enhance the curriculum and the formation of priests, deacons, and laity. The Information Technology Policy is found in the *Seminarian Handbook, Non-Resident Handbook*, and *Faculty and Administrative Handbook*.

ACADEMIC RECORDS

The Registrar’s Office, a subsidiary of the Academic Office, secures the academic records which originate from St. Vincent de Paul Regional Seminary, including the records of off-site students and
students in distance education classes. The seminary maintains the confidentiality of educational records of all students on-campus, off-site, or in distance education classes in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974 as amended.

All currently and formerly enrolled students have the right to review their academic records. However, documents submitted by or for students as part of the admission requirements are not available for review by the student, nor may they be released to a third party.

Requests for transcripts should be made in writing to the Registrar. There is a fee of $5.00 for each transcript issued. Once requested in writing, the Office of the Registrar will issue official transcripts directly and only to agencies, institutions or business concerns named by the student or former student making the request. Official transcripts are not issued to students or former students. An official transcript is one which bears the signature of the Registrar and date of issue on the line following the last entry on each page, and is imprinted with the seal of the Regional Seminary of St. Vincent de Paul in Florida, Incorporated.

ACADEMIC INTEGRITY

The development of moral leaders is foundational to the seminary and its programs. The seminary takes the matter of academic integrity very seriously. Integrity is essential not only to the seminary as an academic institution, but also to the seminary’s goals of human, spiritual, and pastoral formation as well. Violations of academic integrity include but are not exclusive to the actions described below.

CHEATING

Cheating includes, but is not necessarily limited to the following:

• Looking onto another's work during an exam;
• Obtaining answers prior to an exam;
• Bringing resources that are not permitted into an exam;
• Copying from the work of another on exams or written assignments;
• Falsification, plagiarism, and improper use of materials;
• Misrepresentation of one's own or another's identity for academic purposes or of material facts or circumstances in relation to examinations, papers, or other evaluative activities;
• The sale, purchase, or the giving or receiving of papers, essays, or research for fraudulent use;
• The unauthorized recording, sale, purchase, or use of academic lectures without the expressed written consent of the instructor;
• Collusion.

Collusion is defined as cooperating with or an attempt to cooperate with another student in an act of academic dishonesty. Collusion is distinct from collaborative learning, which may be a valuable component to scholarly development and which may be encouraged in some courses. Students are expected to consult with their instructor if they are uncertain whether their cooperative activities are acceptable.
COPYRIGHT

Copyright infringements include violations of “fair use” as described in copyright law. Students of St. Vincent de Paul Regional Seminary are expected to abide responsibly by the standard guidelines of fair use doctrine for copyrighted materials including seeking permission for the use or sharing of copyrighted material. Each student is expected to familiarize him or herself with the accepted standards of application.

PLAGIARISM

Plagiarism is the act of taking the work presented in the ideas, data, illustrations, or statements of another person or source, and presenting them as one's own. It is an expectation of the seminary that all written and oral assignments will be prepared with full integrity. Materials from print, non-print, and electronic sources used in developing papers or presentations are to be carefully cited. Graduate-level standards would indicate a limited use of direct quotations. Oral presentations must acknowledge all outside sources. Plagiarism is a grave offense, entailing a grade of F for the assignment. Additionally, according to the specific circumstances surrounding the offense, failure of the course and the possibility of dismissal from the program and the seminary are possible.

Some forms of plagiarism would include the following:
- Not quoting or citing any work that is not one's own;
- Using multiple sources to such an extent that one's paper or presentation no longer represents original work;
- Referring to or citing non-existing sources;
- Re-cycling one's own previous work without permission from the instructor;
- Downloading a paper and attempting to pass it in as one's own work;
- Using a paper or sections of a paper from another student or paper file and turning in that paper.

POLICY AND PROCESS REGARDING QUESTIONS OF ACADEMIC INTEGRITY

Violations of academic integrity in any form are unacceptable behavior for a student in any program at St. Vincent de Paul Regional Seminary. In case of suspected violations of academic integrity, the faculty member will speak to the student first. If the faculty member imposes an academic consequence, he or she will notify the Academic Dean. If the student chooses, he or she may appeal the consequence to the Academic Dean in writing within five business days.

The Academic Dean will attempt to resolve the matter to the satisfaction of the professor and the student. If no resolution can be reached, a disciplinary board will be convened. This board will consist of the Academic Dean, the Dean of Students (for alleged violations in the M.Div. and MAPS Programs) or the Director of Non-resident Students (for alleged violations in the MATS Program), and an uninvolved faculty member. The board will investigate the matter and make its recommendation to the Academic Dean. If the violation is found credible, the Academic Dean will decide on an appropriate course of action which may include the following:
a. failure of the assignment;
b. failure of the course;
c. suspension for the following semester from all courses;
d. any combination of the above;
e. dismissal from the seminary.

Any student who is dissatisfied with the decision of the Academic Dean may appeal in writing to the Rector within seven days of the finding. The decision of the Rector is final.

RECORDS

A record of reported violations of academic integrity and any subsequent proceedings will be kept on file in the office of the Academic Dean for the tenure of a student’s enrollment.

SCHOLASTIC REPORTS

At the conclusion of each semester, students have access to their final grades via the SIS (Student Information System). A seminarian signs a release form authorizing the seminary to send a copy of his grades to his respective Ordinary and Vocation Director. Likewise, a permanent deacon candidate signs a release form authorizing the seminary to send a copy of his grades to his respective Ordinary, sponsoring pastor, and program director. Only the semester grades appear on the student’s permanent record.

The tuition, room and board fees for seminarians are payable on the first day of each semester. The amounts listed do not represent the total costs of tuition, room and board, which are subsidized by the dioceses of the region.

Tuition is payable at registration each semester or at the end of each academic year for those in the Deacon Formation Program. Students may solicit deferred payment at registration for a period no longer than thirty days. The registration fee is payable at first entrance only. The graduation fee is payable at the time the student registers for graduation. Non-resident students who are present during the day for classes have the option of purchasing lunch for a minimum $5.00 donation per meal or $65 per semester. This arrangement should be made in advance with the business office by those electing to participate. Students who are members of a permanent diaconate formation program are already enrolled in the meal plan by their diocese.

Financial obligations to the seminary may be paid by credit card, but are subject to a 5% administrative fee. Tuition fees paid by credit card must be paid in full.

**TUITION PER CREDIT HOUR:**

- All non-credit courses (300 and 400 level and audit) $400.00 per cr. hr.
- All graduate courses (500 level and above) $450.00 per cr. hr.

No student may receive a diploma, nor will the Registrar issue transcripts of his/her academic record until his/her financial obligations to the seminary have been settled. These include borrowed library items and any outstanding debts to the bookstore.
COMPREHENSIVE EXAM FEE:

Students taking the comprehensive exam for the MAPS or MATS in an academic year during which they took no classes at St. Vincent de Paul Regional Seminary will be charged the cost of one credit hour ($450.00) as an examination fee.

FINANCIAL AID

SVDP’s Financial Aid Office coordinates the Direct Loan program, which is available for the M.Div., MAPS and MATS Programs. To apply for this program, a financial statement must be submitted and a needs analysis is made by the Federal Student Aid Processor (FAFSA). To qualify for a student loan, a student must be enrolled on at least a half-time basis. For more information on applying for financial aid at SVDP contact the Director of Financial Aid at library@svdp.edu.

Students new to the Direct Loan program must complete entrance counseling at www.dl.ed.gov and then apply for a loan at www.dlenote.ed.gov. Repayment of loans begins six months after graduation, withdrawal or dropping below half time. Students who graduate or withdraw must complete exit counseling at www.nslds.ed.gov. Failure to complete this requirement can delay federal aid requested from a school attended after leaving SVDP.

Because financial aid for students in the M.Div. and MAPS Program is usually provided through the vocations office of their respective dioceses, the seminary recommends that those students in the M.Div. Program receive counseling from their Ordinary, Vocation Director or the Rector prior to applying for a student loan. The seminary also recommends that M.Div. and MAPS students not apply for loans exceeding $4,000 per academic year, bearing in mind the earning potential of a diocesan priest and his ability to repay.

Information on other sources of financial aid is available at the Financial Aid Office.

STANDARDS OF ACADEMIC PROGRESS

Students who participate in the Federal Stafford Loan program must comply with the Standards of Academic Progress. Every student in this program will have his/her cumulative grade point average evaluated at the end of the spring semester of each academic year. At that point, the student must have
a cumulative grade point average of 2.0 for resident students in the M.Div. or MAPS Program and 3.0 for non-resident students in the MATS Program. If the GPA of a resident student in the M.Div. or MAPS Program falls below 2.0 or the GPA of a non-resident student in the MATS Program falls below 3.0, he/she will be placed on financial aid probation for the following academic year. The student will be removed from probationary status if he/she brings his/her cumulative grade point average to or above the grade point average that is required for the M.Div., MAPS and the MATS Programs.

At the completion of the second academic year of attendance at St. Vincent de Paul Regional Seminary, the M.Div. candidate must have a 2.0 grade point average at the end of the Spring semester and non-resident MATS candidates must have a 3.0 grade point average at the end of the Spring semester to retain Title IV funding for the following academic year. There will be no probationary semester.

A student receiving student loans must complete his/her degree within a specific time frame as follows:

<table>
<thead>
<tr>
<th>MASTER OF DIVINITY</th>
<th>MAPS</th>
<th>MATS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>

<td>6 semesters (3 years)</td>
</tr>
<tr>
<td>Part-time</td>
<td>No part-time status available</td>
<td>12 semesters (6 years)</td>
</tr>
</tbody>
</table>

Each student loan recipient must meet a specific measurement of academic progress within the specified time frame as follows:

<table>
<thead>
<tr>
<th>MASTER OF DIVINITY</th>
<th>MAPS</th>
<th>MATS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>
<td>22 credits (annually)</td>
<td>22 credits (annually)</td>

<td>6 credits (annually)</td>
<td>6 credits (annually)</td>
</tr>
<tr>
<td>Part-time</td>
<td>No part-time status available</td>
<td></td>
</tr>
</tbody>
</table>

A course withdrawal or incomplete will be evaluated as a non-completed course and will not be counted toward the time frame. A repeated course or non-remedial course will be counted as a regular course.

The student may appeal these standards if there has been undue hardship (i.e. medical, death, divorce). Appeals must be directed to the Financial Aid Officer for review. Students will be notified of the decision by the Financial Aid Officer within 30 days.

**GOVERNMENT ASSISTANCE TO VETERANS**

St. Vincent de Paul Regional Seminary has been approved for Veterans’ educational benefits under Section #1775 of Title 38, United States Code.

**REV. SEAMUS MURTAGH SCHOLARSHIP**

Dr. H. Edward Wrapp established a scholarship fund to honor Rev. Seamus Murtagh for his contributions to St. Vincent de Paul Regional Seminary. St. Vincent de Paul Regional Seminary awards this scholarship to non-resident students who, after a full year of enrollment at the seminary, show significant academic ability and a personal commitment to Christian service/ministry. Non-resident students apply for this scholarship by contacting the Academic Dean.
HAZING POLICY

Consistent with its mission statement, St. Vincent de Paul Regional Seminary believes that true community is nurtured in an atmosphere of social and moral responsibility, respect for individuals, and loyalty to the principles of higher education. This basic philosophy, coupled with the seminary's adherence to state, local, and federal guidelines is the basis for the adoption of this formal hazing policy.

Hazing Is Defined As

1. Any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student, or which willfully destroys or removes public or private property for the purpose of initiation or admission into or in affiliation with, or as a condition for continued membership in, any organization operating under the sanction of or recognized by the St. Vincent de Paul Regional Seminary.

2. Such actions and situations include paddling in any form; creation of excessive fatigue; physical or psychological stress; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts; morally degrading or humiliating games and activities; and forcing consumption of alcohol or drugs and any other activity which is not consistent with the formation program, regulations or policies of St. Vincent de Paul Regional Seminary. If a student or group is involved in a hazing incident appropriate disciplinary action will be taken.

WRITTEN STUDENT COMPLAINT POLICY

St. Vincent de Paul Regional Seminary is committed to equality and fairness for all students enrolled in its formation and degree or certificate programs. There are times, however, when a student believes that he/she has been treated unfairly. In such cases, the seminary first encourages the student to resolve the grievance informally and directly with the other person(s) involved, following the mandate of the Lord Jesus (Mt. 18:15-17). Yet, if this fails to bring about a resolution, the student has recourse to the following process:

1. If the student is a seminarian, he can bring the grievance to either his formation advisor or Academic Dean (especially if the grievance is with an instructor). If the student is a non-resident, he/she can bring the grievance to either the Director of Non-resident Students or the Academic Dean.

2. If this fails to bring a resolution, the student, may submit a written complaint to the Vice-Rector. The written complaint must include:
   a. the seminary policy, area of formation, or process, etc., that is found in the official seminary publications or the Program of Priestly Formation that has allegedly been violated;
   b. the person against whom the grievance is alleged;
   c. the specific details and circumstances of the grievance;
   d. the details of the informal process attempted for resolution prior to the written complaint and the people involved.
3. The written complaint must be filed with the Vice-Rector's office within thirty days of the date of the alleged grievance.

4. The student has the right to access copies of all of the information of the alleged grievance in the written student complaint, and the right to defend him/herself before the Vice-Rector. If the Vice-Rector deems the written complaint to have merit, he will appoint a board of three members to review the written complaint. The complainant must agree to at least one member of the appointed board; the accused must agree to at least one member of the appointed board.

5. The appointed board will investigate the grievance of the written complaint and within one week render a written recommendation to the Vice-Rector. The Vice-Rector will render a final decision and disseminate the final decision to all parties involved. An appeal can be made to the Rector.

6. If the grievance is against the Rector, then the written complaint must be submitted to the Vice-Rector, with a copy to the Chair of the Board of Trustees. The Vice-Rector will conduct step 5, and then together with the Chair of the Board of Trustees, receive the appointed board's recommendation and render a final decision according to step 6. The appeal would go to the Chair of the Board of Trustees.

7. Excluded from the grievance process are all votes by the formation team and Rector concerning continuation of formation and/or promotion to ordination.
SCRIPTURE

BIB501 INTRODUCTION TO BIBLICAL STUDIES
This course covers the basic elements and doctrines which are fundamental and preliminary to the study of Sacred Scripture, including the notion of canon and its formation, ways of understanding the doctrine of biblical inspiration and inerrancy, Church documents on these issues, and methods and approaches used in the critical or scientific study of the Bible, including interpretative theories and hermeneutics. The course is comprised of two primary components – methodology and content – and examines biblical exegesis to better understand how we know what we know about the biblical texts. This analysis of exegetical methods will allow the student to understand and learn the various “criticisms” that have emerged and developed in the past century with which Catholic scholarship has been involved and contributed significantly to our understanding of divine revelation in scripture. This Catholic perspective on scripture study will be the focus of our methodological investigation. This will include a historical survey of magisterial statements and texts beginning with the Council of Trent and culminating in the most recent magisterial statements concerning biblical study. This is a prerequisite course for any and all Scripture courses.

The course entails a critical reflection of how the Christian medieval philosophers integrated within a Christian perspective the intellectual legacy that they inherited primarily from the Greek philosophers, enabling students to understand the intimate connection between faith and reason and between Philosophy and Theology. This will allow the students to dialogue with the world in a critical way, expressing the reasonableness of the Christian faith. The course will include general introductions to the main philosophers from Saint Augustine until Ockham, as well as the use of original writings by them that will allow the students to develop the ability to do research.

The course will also include a survey of the most influential Catholic thinkers of the 20th century, especially Blondel, Maréchal, Rousselot, Maritain, Rahner, and Lonergan. The study of this dialogue and contrast between these Catholic philosophers and their modern and contemporary contemporaries will allow the students to develop a creative and critical synthetic thought, enabling them to dialogue with contemporary ways of thought. The course will include general introductions to the various philosophers considered. The students will be required to study selected writings by at least some of the philosophers of the period, which will be the basis for developing the ability of the students to do research.

The course will explore the topics of truth, certainty, skepticism, relativism, a priori knowledge, justification, foundationalism, intuitions, reliabilism, internalism and externalism. Philosophical questions will be asked about the nature of knowledge and belief such as: Can anything be known about the external world? What conditions must be in place in order to have knowledge? Why are certain beliefs justified? Can something be known to be true and certain? Overall, this course will support greater dialogue with a pluralistic and secular culture on questions related to the inquiry of the basic structures of knowledge.

contributions of these authors. This understanding will enhance the ability of the students to dialogue with contemporary culture and acquire intellectual strategies for creative research.

PHI522 METAPHYSICS CREDIT HOURS 3
The purpose of this course is to investigate the fundamental metaphysical nature of reality. The course will emphasize the Thomistic metaphysical tradition, emphasizing particularly a creative retrieval of the thought of St. Thomas Aquinas in dialogue with Modern and Contemporary Catholic and non-Christian Philosophers. In the articulation of this retrieval, the course will be especially inspired by the works of William Norris Clarke. The course will emphasize the theory of participation, which in close connection with the distinction between essence and existence, and the analogy of being, is at the core of the metaphysics of St. Thomas. Important topics that will be considered in the course will especially include the notions of the act of existence, potency, the transcendental properties of being, the nature of causality, substance and accident, the nature of time, the metaphysics of evolution, and the infinite act of the existence of God as the unifying and foundational principle of all reality. The course will allow the students to develop a comprehensive wisdom of the implicit metaphysical assumptions underlying the different intellectual perspectives concerning reality, including anti-metaphysical ones, such as positivism, materialistic reductions of reality, relativism, etc. This will allow the students to dialogue with the contemporary culture in a critical way and thereby develop competence for doing research on metaphysical issues that are especially relevant in our present world.

Topics to be considered include the intrinsic relation between the human soul and its body, the transcendent nature of the human person toward other human persons and toward God, the relation between the unique and unrepeatable reality of the human person, and its social, cultural, and religious nature. The course will include a critical view of reductionist anthropological perspectives of the contemporary culture, which interpret human reality as the expression of merely physical or material processes, allowing students to dialogue and debate with the contemporary culture. Different authors will be considered in the course, and the students must study selected writings by these authors, allowing them to develop their intellectual skills for research.

PHI545 PHILOSOPHY/THEOLOGY SEMINAR CREDIT HOURS 3
This seminary research course will develop the students’ competence, in collaboration with other students and the professor, for research work based on the relation between philosophy and theology. The assumption for this course is that faith presupposes reason and that the articulation of theology presupposes as its basis a coherent system of philosophical principles. The seminar course will consist of two complementary aspects. With respect to the first aspect, students will receive a rigorous understanding of the relation between faith and reason, and between philosophy and theology, based especially on a close reading of St. John Paul II’s encyclical Fides et Ratio. As part of the second aspect, each student will do personal research on a specific topic in the encyclical and make a presentation on it. This presentation will include dialogue with the thought of various thinkers/philosophers,
indicating how their assumptions are compatible or incompatible, or in need of revision, clarification or development, with respect to the positions of the encyclical and of the Catholic tradition. Class discussions will include critical assessments by the students, under the guidance of the professor, of how the philosophical assumptions of our contemporary culture may be integrated, modified, or rejected from the perspective of our Catholic faith. In light of the class discussions, the students will revise and/or develop their class presentations in the form of a final research paper. The final grade of the students will reflect the quality of both their class presentation and their final research paper, as well as their general class participation.
